SECURE

Giving Shape to Ideas

Maximise your business with leading-edge functionality and solutions

Boost business quality and productivity

■ No more waiting with high-speed processing

With a lightning-fast 60 ppm for colour outputs, 180 opm for simultaneous duplex scanning, an astounding 22-second or less warm-up time and 5.3-second or less first copy out time in colour, as well as high-speed multi-tasking, the bizhub C754e/C654e deliver outputs without delay.

■ Add more value to business documents with a selection of finishing systems

Select from a variety of optional finishing systems, including the compact FS-534 which offers colour 3-sheet tri-fold, a booklet function, hole punching and stapling for up to 50 sheets. The highly functional FS-535 goes even further with stapling for up to 100 sheets and a post inserter.

Meeting the needs of heavy users

■ Improve total productivity

Boost productivity by reducing downtime. With an extended machine life and increased toner and carrier yields, the bizhub C754e/C654e are built to handle extended operation times and mass outputs.

■ Functionality for professional printing

Whether for A3 full-bleed outputs, index paper support, high resolution 1,200 dpi outputs, an upright panel*[1] for better operation, or a Fiery controller*[1] for graphic users, the bizhub C754e/C654e boast ample functionality as an on-demand machine to meet the needs of light production houses.

*1 Optional

High-level multi-functional solutions for immediate office use

## ■ Convert hardcopies into MS Office files*¹

Scan, convert and save paper documents into Microsoft Office OOXML files (docx*²/xlsx*²/pptx) or various PDF files*³ for immediate use. And create searchable PDFs for text searches or text extraction with OCR processing when converting to OOXML and PDF files.

*1 Microsoft Office 2007 or later format (extensions: docx, xlsx, pptx)
*2 Optional
*3 Convertible PDF files:
- Searchable PDF (for digitising text via OCR of text) (optional)
- Compact PDF (for creating highly compressed PDFs)
- Encrypted PDF (for adding digital IDs) (optional)
- PDF/A (for long-term archiving) (optional)
- Linearized PDF (for optimised web display) (optional)

PC's, servers, mobile devices, USB memory devices, etc.

■ Optimal security regardless of scale and environment

Build the optimal device security system with a variety of authentication systems including server-free MFP authentication, IC card authentication using employee IDs and the sure-safe biometric authentication.

■ Optimal device placement

Konica Minolta's Optimised Print Services (OPS) promotes greater business efficiency through optimal device placement and reduced TCO. Optimally placing more eco-conscious devices also reduces power costs.

KONICA MINOLTA

PRINT SERVICES ™

■ ISO 15408 EAL3 (IEEE 2600.1 Compliant)*⁴

The bizhub C754e/C654e achieve an unparalleled level of security by complying with IEEE 2600.1 international standard for MFP and printer information security.
*4 Under evaluation

# Advanced operations for a new work style

■ Connect with mobiles and Cloud

Discover a new and freer work style with the bizhub C754e/C654e. PageScope Mobile allows printing and scanning from mobile devices such as smartphones and tablets, as well as from the PCs.
And install the bizhub Connector app to access Cloud services*¹ (Google Drive/Gmail/Evernote) or corporate servers (SharePoint 2007/2010) for direct scanning and printing from just about anywhere. Cloud/mobile/bizhub connectivity further enhances information sharing and use for greater business efficiency.

[Cloud / mobile connectivity]

*1 Cloud service must be set up by the customer.
*2 Optional (Not available in all areas.)

PAGESCOPE Mobile for iPhone/iPad   PAGESCOPE Mobile for Android

Smart & simple
Comfortable operations for everyone

■ Ready-to-use operability for anyone

The bizhub C754e/C654e adopt the easy and intuitive INFO-Palette design smart user interface, providing the same user experience in any business situation through seamless operation even from PCs, tablets and smartphones.

■ Easy smartphone-like operation

The bizhub C754e/C654e implement the new multi-touch user interface which realises the same intuitive operation as mobile devices. Smartphone-like tap, flick and pinch make operations easier and more comfortable.

Rotate images on the Preview screen

Minimise costs and environmental impact without the hassle

■ Low power consumption even during use

The bizhub C754e/C654e easily clear the new Energy Star standard TEC values. The thoroughly energy-saving design also reduces TCO.

■ More environmentally considerate materials

Recycled materials are effectively employed for the outer surfaces such as recycled PC/PET developed by Konica Minolta using advanced chemical processing technology, recycled PC/ABS and bioplastics to help reduce environmental impact.
