SECURITY

Protect your information and keep your office environment secure.
SMTP Authentication

This security tool enables the sending of documents via e-mail with authentication by an SMTP enabled server. Ideal for smaller offices without a private e-mail server, a connection to an SMTP enabled server allows SSL communication, so e-mails can be sent in a security-conscious state.

MFP with SMTP Authentication → **SSL communication** → Mail → **Authentication with ID and password** → ISP
Watermark Your Documents

Ensure your documents are clearly labelled to help prevent them falling into the wrong hands. Choose from a range of watermark options to suit the purpose of your document.

Account Tracking

Enable Account Track on your bizhub to require a three-digit account number to use the Copy feature. This prevents unauthorized users from using the bizhub and tracks the volume of copying done by each account.

```
ACCOUNT NO.:---

Input=10Key
```

Secure Print

When you enable this option, a password is required at the bizhub itself before a document will print. Set the password via the print driver at your computer, then enter it on your bizhub's control panel to start the print job. This prevents confidential documents from lying around the office or being accessed by an unauthorized user.

Giving Shape to Ideas

CONTROL PANEL

**Easy to understand and easy to use.
One touch buttons for speedy operation.**

Get to the Point

Find your way around in moments with an intuitive layout and large buttons. Useful functions such as ID Print and Duplex Copy have been assigned their own hard keys, so there's no need to scroll through menus to find what you need.

Backlit LCD Screen

The five-line, backlit LCD display helps you problem solve quickly. Clear error indications and illustrated guidance assist you with problem solving, so you can get your machine working again as soon as possible.

COPY & PRINT

**Plenty of useful layout options to keep your documents organised.**

Handy Booklets

Easily collate your multi-page documents into a booklet with Booklet Print.

Get Everyone on the Same Page

Print multiple pages onto one sheet with N-up Print. Collate 2 or 4 pages into one.
